OPEN-SOURCE PROJECTS

ReciPlace Collaborative project delivering a user-friendly web service that inspires meal choices and locates nearby dining spots. ReciPlace enables users to search for recipes and restaurants, fostering convenience and personalisation in meal planning. Integrated The Meal DB API for recipes and Google Places API for restaurant searches, featuring a responsive, polished interface. Designed a recipe carousel with Bulma CSS for an engaging, time-saving user experience focused on personalisation and accessibility.
ReciPlace.github.io

Technology Used: Bulma CSS, The Meal DB, Google Places API.

RequestDJ An interactive web app designed to elevate nightlife with personalised music experiences, allowing DJs to host events where guests can request songs in real-time. RequestDJ offers event creation, management, and song request tools, promoting collaborative music curation through user voting. The app features a vibrant, user-friendly interface with a playful design inspired by Coolers and animation with GSAP to ensure efficient and secure event management and user engagement.

Technology Used: PostgreSQL, Handlebars, Tailwind CSS, Date FNS, Auth and Sequelize.

EXPERIENCE

01/2023 - Current **Event Coordinator, The Sisters of the Good Samaritan, NSW**

- Overseeing daily newsletter communications and distribution across assigned channels.
- Managing and updating staff and Sister directories in Outlook, the Intranet, and the App, ensuring all updates are effectively communicated.
- Coordinating enquiries for meetings and confirming bookings, including catering requirements and timings.

- Managing all internal and external functions and events, liaising with clientele, suppliers, and caterers
- Scheduling booking enquiries, cross-departmental collaboration, and Centre promotions.
- Processing expenses and invoices, preparing policies and invoices for clients.
- Overseeing WH&S procedures, maintaining policies and equipment, and keeping staff informed of the latest regulations and training.
- Facility operations management, coordinating regular maintenance and cleaning schedules for the Congregational Centre; building maintenance, fire inspections, PAT tests etc.
- Reception duties, managing office supplies and equipment, and providing a welcoming experience for guests.
- Excelling in organisation and time management, with the ability to prioritise multiple tasks while demonstrating strong interpersonal and communication skills.

01/2023 Relocated to Sydney

02/2022 - 08/2022 Recruitment Consultant, IPA Personnel / elle belle recruitment in Melbourne

- Conducting interviews and providing candidates with job market insights.
- Managing communications with clients and candidates, ensuring accurate records.
- Shortlisting temporary candidates and multitasking across multiple job opportunities.
- Providing clients with regular updates on shortlisted candidates based on requirements.
- Coordinating call cycles, managing client expectations, and generating new business leads.
- Sourcing talent via online platforms, social media, and referrals.
- Engaging in business development through emails, phone calls, job ads, and video job applications.
- Conducted reference checks, supported placements, and ensured candidate engagement throughout the hiring process.

02/2022 Relocated to Melbourne, Australia

09/2020 - 01/2022 Founder, May's Animal Care in London

- May's Animal Care began during the pandemic and I founded as a sole trader, administering all aspects of the business from website design, communications, market research, price evaluations and identifying 'in demand' services.
- Scheduling bookings, and managing one-to-one consultations to execute quality pet service.
- Responsible for company assets, finances, accounting, and generating/negotiating quotations.
- Assess and evaluate potential solutions to meet client requirements creating individualised care programmes to cater to pets' well-being, conducting service agreements and health & safety procedures.
- Implementation of accurate contracts and maintaining client information, liability, and insurance policies.
- Services included: dog walking, daycare, check-ins, exercises, training, and grooming.
- Website maintenance, social media management, photography and content creation, and encouragement of word-of-mouth initiatives increasing sales and clientele.

01/2018 - 10/2019 Office Manager, Spitfire Audio in London

- Office Management, supervising operations, and coordinating administrative functions for smooth workflows.
- Providing executive assistance support to the CEO, managing calendars and meetings, agenda and schedule management via Google Drive, Gmail, and Slack.
- Mentoring the office assistants, and encouraging a positive work environment by promoting effective department collaboration.
- Supervising meeting agendas, consolidating and tracking action items for key initiatives.
- Managing international and national travel arrangements. Implementing new policies to improve cross-departmental procedures around travel responsibilities and logistics.
- Executing and arranging corporate functions, including conferences, summits, H&WB initiatives and guest speakers.
- Managing contractual agreements, nondisclosure agreements (NDA), subcontracts, and consulting contracts.
- Implementing office procedure policies to boost operational efficiency, e.g. stock inventory systems and common areas.
- Enforcing Occupational Health & Safety (OH&S) protocols and registering with ADT Business Security to secure assets.
- Organising employee training (first aid, fire safety) and improving onboarding WHS inductions for compliance and efficiency.
- Streamlining onboarding to enhance departmental collaboration, reporting and response times.

Achievement: Successfully led the organisation's office relocation of 60 employees, implementing new processes and utilising an online management tool for strategic team planning and logistics. Managing resources, transportation, task delegation, and communication to ensure timely execution.

12/2017

Relocated to UK, London

04/2017 - 08/2017

Project Coordinator, Kathy Jones & Associates in Melbourne

- Managing all office equipment and expenses while providing administrative support to the Executive Director and Project Managers. Actively participated in the design and execution of office layouts.
- KJA partnered with the Victorian Government on behalf of the Department of Health and Human Services, assisting with the Public Housing Renewal Program.
- Assisting the Event Manager in executing events, concept development, design, and delivery. Responsible for documentation, promotional mail-outs, and website advertising, ensuring all activities aligned with branding guidelines.
- Assembling internal business reports and briefings, managing diaries, and coordinating reservations and catering for both internal and external events.
- Liaising with clients, venues, and suppliers, maintaining strong relationships with external partners.

02/2017

South East Asia and Australia | 10 months

11/2015 - 02/2017

Wholesale Account Manager, Wolverine Worldwide in London

- Utilising SAP for order placements, pre-orders, stock swaps, and stock reservations.
- Logging daily feedback reports using SharePoint and conducting bulletin board checks.
- Resolving invoice inquiries, order issues, returns, and warehouse refusals.
- Providing clients with customer service by offering product information, account assistance, and quotations.
- Conducted administrative screening of applicants and reviewed accounts for Key Account Managers.

2012 - 2015

My professional career began in various corporate administrative roles, where I developed a strong foundation in business organisational skills, strengthening problem-solving skills, and attention to detail. These qualities were crucial for ensuring smooth daily operations and fostering effective team collaboration.
